## 2009 Computer Recycling Dates

The Tenant Relations Department each year sets up a Computer Recycling Program for the Tenants of the Embarcadero Center. Tenants may donate a maximum of 10 pieces of functioning or non-functioning computer equipment. Below are the dates and locations for the Computer Recycling Days. We currently have two trucks for each scheduled date, however depending on the demand, the trucks may reach capacity prior to the completion of the event. Receipts will be provided upon request. For further information on scheduling your own pick-up for more than 10 computers, call Computer Recycling at 415.643.6200 Ext. 22. or visit <http://www.crc.org>.

Month	Day	Location	Time
January	Thursday, 1/15	2 EC loading dock	10am-2pm

November	Thursday, 11/19	2 EC loading dock	10am-2pm
December	Thursday, 12/17	4 EC loading dock	10am-2pm

### New Federal Rules Regarding Battery Recycling

New Department of Transportation rules require batteries to be shipped for recycling must have tape over the positive terminal to prevent short circuits. Masking tape may be used. Batteries include cell phone, camcorder, rechargeable, alkaline and heavy duty household batteries. No automotive batteries please. Look for the white recycling kit next to the Computer Recycling truck on Computer Recycling day.

For additional information regarding programs and services provided by the Tenant Relations Department please contact Barbara Mendoza at 415.772.0731.
